\$220 + GST

Mediation & Elderly Counselling

Resa Eisen

A mediation model and process will be the basis of this experiential program. Topics include the multi-party nature of elder mediation; the role(s) of the mediator, advocacy, determining "key" parties for discussion, including those deemed unable or unwilling to play an active role. To gain an understanding on how to create interest-based, inclusive "therapeutic" collaboration throughout the mediation process.

Counselling LGBTTQ Clients

Carm De Santis

To explore values and beliefs about sexual orientation and gender identity issues; learn strategies to work effectively with lesbian, gay, bisexual, and transgender individuals, couples and their families. To develop an awareness of significant issues in the lives of LGBTTQ people, including equal marriage, working with youth, sexuality issues, violence and abuse, parenting, and coming out.

Helping with life's most precious relationships.
